

Due to the recommendations of the State of PA, we are suspending our public gathering for services for the next two weeks - March 22 and 29. All other group activities are suspended as well (some groups are meeting via group chat/calls).

WE WILL CONTINUE to do a live-stream of our service each Sunday at 11:00 AM, so join us on Facebook as we continue to worship God together.

We would also like to suggest that, instead of simply “hunkering down” and turning on the television, we give ourselves to opportunities to serve both God and our neighbors during this time. You could use these unexpected hours to:

- Discover creative and meaningful ways to be the church.
- Call a friend and offer to pray together. Pray especially for those affected by COVID-19, wisdom for our leaders, protection for our healthcare workers.
- Write a note of encouragement or call someone in a retirement community.
- Read a good book.
- Check in with a neighbor to see if their needs are being met.
- Take time to pray for our Alliance International Workers. Go to <http://cmalliance.org/pray#> for current requests.
